

# Zero Harm Safety Share

## Shared Learning and Continuous Improvement

A joint initiative of Employee Safety and Patient Safety at WellSpan Health.

### Learn more about our latest opportunity to improve for Zero Harm.

Also view Safety Shares by searching “Zero Harm Safety Share” on INET or by clicking Zero Harm Safety Share under Happening Now/Quick Links on INET.

*Scanning QR code requires WellSpan username or email, password, and responding to multi-factor authentication.*

### A safer WellSpan starts with you!

At WellSpan, we use our Lean principles to find a better way and prevent injuries and incidents.

#### After viewing the latest Safety Share, ask yourself:

1. What do I do every day that is similar?
2. What could go wrong?
3. How can we do it more safely?

Talk with your manager and see the difference you can make.

#### Confidentiality:

Safety Shares are intended for limited distribution to WellSpan team members for the exclusive purpose of learning from patient and employee safety events, to ensure they do not happen again, and to generally improve safety in our operations. This information may not be disseminated to others outside of WellSpan, in whole or in part.
